

TOILETTE RULES

The block of common services is equipped with two access ways which in this particular situation will be used respectively on the right side only for entry and on the left side only for exit, marked with signs.

Entry is allowed to a **maximum of 10 people** (MAX 6 for the use of washbasins and toilets, MAX 4 for showers).

To access the services it is mandatory to keep the distances indicated on the floor. The entrance will therefore be quota and controlled through the use of tags;

at the entrance, a notice board will be hung with 6 tags representing the toilet icon and 4 showing the shower icon, one for women's services and one for men respectively.

In your turn, you will choose the necessary icon;

it is mandatory to sanitize the hands with the appropriate product before and after taking the tag, which must be hung again on the notice board when leaving the services.

It is strongly recommended to observe all the rules necessary for your own safety and that of others.

Assemblies are strictly prohibited, otherwise, regardless of the booking, there will be immediate expulsion from the campsite.

During the access and the waiting, the mask's use is mandatory.

Collaboration and respect from everyone is requested.
